DETAILED ACTION

1. The Applicants' amendment filed on January 6, 2005 was received. Claims 6-20 are deleted. Claims 1-5 are amended. Claim 21 is added. Now, Claims 1-5 and 21 are pending.

2. The text of those sections of Title 35, U.S. code not included in this action can be found in a prior Office Action (Paper No. 0804).

Claim Objection

3. Objection of Claim 4 is maintained because the rejection is adequately set forth in paragraph 4 of Paper No. 0804.

Claim Rejections - 35 USC § 112

4. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

Art Unit: 1712

5. Claims 1-5 and 21 are rejected under 35 U.S.C. 112, first paragraph, as containing subject matter which was not described in the specification in such a way as to enable one skilled in the art to which it pertains, or with which it is most nearly connected, to make and/or use the invention.

In Claim 1, 3 and 21, “z” and “u” are not supported in the specification.

6. Claims 1-2 and 4-5 are rejected under 35 U.S.C. 112, first paragraph, because the specification, while being enabling for the use of the specific aromatic-based groups that covalently attached to specific linking groups as described in page 8, does not reasonably provide enablement for any aromatic group covalently attached to any linking group set forth in Claim 1. The specification does not enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and/or use the invention commensurate in scope with these claims.

7. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

Art Unit: 1712

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
